

Hole Punch for Pop Rivets

Specifications

Description	Punch / Frame	Punch Size	Overall Length	Weight	Origin
Hole Punch	Tool Steel Punch w/ Alloy Steel Frame	1/8", 3/16"	9"	16 ounces	Made in USA

Does the work of more expensive bulkier punches faster and easier. Work overhead to pre-punch rivet holes in metal roofing trims. Compound leverage increases one hand mechanical advantage 8 to 1. Spring return handles allow quick set-up for repetitive applications.

Stop gauge permits adjustments from 1/4" to 1-1/8" (6.4 to 28.6 mm) depths from edge of material. Punch and die are easily replaceable. Punch and dies are constructed from high quality tool steel used in commercial high production punch press dies. Body of tool consists of lightweight, aluminum die cast 'C' frame and rust resistant nickel plated steel handles and parts. Tool also features non-slip rubber "RedLine" grips with hand stops for added comfort and control.
