Design & Size

We provide Craftsman Steel Board & Batten Siding custom cut to the half inch per specifications. Any length is available from 2' up to 35'. These custom crafted panels come in 10.29", 7.67", and 6.12" sizes.

Thickness options include 29 and 26 gauge.

Warranty & Finish

Painted Craftsman Board & Batten carries a 50 year paint warranty, 50 year substrate warranty, and 30 year fade/chalk warranty. Unpainted Galvalume carries a 45 year warranty.

The painted option is a baked on enamel paint over primer and Galvalume. The non-painted Galvalume option is 45% zinc and 55% aluminum with a clear acrylic overcoat.

Purpose & Use

Craftsman Board & Batten is most popular choice for residential and light commercial use. A steel substrate and hidden flange fastening system lock out wind and water.

Craftsman Board & Batten is designed to be installed over solid decking, but can sometimes be installed over wood battens when going over uneven surfaces.
